

for Small Business

Are you a small business that lacks CMMI credentials to successfully bid on contracts and grow your business?

- ✓ Are you a small software development company doing business with the Federal government?
- ✓ Is there pressure to get a CMMI Level 2 Appraisal to keep the Federal business you've already won and to win more?
- ✓ Does CMMI Level 2 seem like overkill for your small group of developers?
- ✓ Have budget constraints been a barrier to achieving CMMI Level 2?
